

I have thoroughly enjoyed my time as a Rural GP Registrar in Cummins. The work is incredibly diverse, spanning the GP clinic, local hospital, emergency care, minor procedures, outpatient reviews and nursing home visits.

The Cummins community is incredibly welcoming and makes you feel valued from day one. I have had a high level of job satisfaction working alongside such a supportive community, while my clinical skills and confidence have grown immensely.

The role offers significant independence and autonomy. We have a fantastic team of supportive doctors who value shared care, collaboration and education. I have particularly enjoyed being able to admit patients from the clinic, care for them acutely in hospital, and then follow them up once they return to the community. We have excellent access to specialist services, including imaging, general surgeons, GP-obstetricians, emergency retrieval, as well as many different visiting specialists only 45 minutes away in Port Lincoln.

You truly get to see and do everything in Cummins, while enjoying a wonderful lifestyle with beautiful coastline just 30 minutes away. It is a fantastic place to live, learn and work.

Dr Gabrielle Coard – RVTS Registrar
